Join Roth Orthodontics in Collecting Pop Tabs to Benefit the Ronald McDonald House of KC!

Why?

Ronald McDonald Houses collect pop tabs instead of entire aluminum cans because it's more hygienic to store tabs than cans, and collection and storage is easier. The program is an easy way for people of all ages to support RMHC and know they are making a difference for families and children.

Where? Bring them to Roth Orthodontics! We will take the Pop Tabs to The Ronald McDonald House!

After the tabs are collected, the local RMHC Chapter brings the collection to local recycling centers, where they are weighed to determine their value (values can vary significantly). The recycling center then sends the local RMHC Chapter a check for the total value.

Wabash Iron & Metal, our local recycler, buys the tabs at market rate, and makes an additional charitable contribution. Wabash generously donates their pick-up and handling services, so the income from pop-tabs is pure profit.

Still don't think it can make a difference? While it does vary by Chapter, RMHC Upper Midwest raises approximately \$30,000 a year through their pop tab program. Now that is a lot of pop tabs! Did you ever think it could be so easy to help families in need?

Pop-tabs remind us of an important lesson: even little things make a big difference. Pop-tabs helps us pay the bills so moms and dads need not worry about where they will stay while their children are in the hospital.
